Bar Wash

LOW FOAMING GLASS DETERGENT

DESCRIPTION:

BAR WASH is a low sudsing, liquid bar glass detergent that cleans without excess foam. Can be used in both automatic and manual units.

Color	Clear, Amber	Phosphated	No
Scent	Lemon	Viscosity	Light
Foam	Low, Medium	Density	8.4 lbs/gl
pH (1% solution)	7.3 – 7.5		

WHAT DOES IT DO?

BAR WASH makes glassware sparkle by removing beverage stains, lipstick, and dried soils while allowing for quick, spot-free results.

HOW IS IT USED?

For Automatic Units: Use at a rate of 1 ounce BAR WASH per 3 gallons of water. Glasses should be rinsed thoroughly and set aside to dry. A sanitizing rinse should be used if required by local health regulations.

For Manual Glass Washing: Use at a rate of 1 ounce BAR WASH per 2 gallons of water. Wash glasses thoroughly to remove stains and lipstick then rinse. A sanitizing rinse should be used if required by local health regulations.

PACKAGING:

This product is available in single gallons & 4- 1 gallon/cases.
