Reflexions

NEW ESI FLEX RESIN FLOOR FINISH - FLOORS FLEX GREAT REFLECTION

DESCRIPTION:

REFLEXIONS is a self-polishing, high solids, ultra high-speed floor finish that contains new Esi Flex resins. Due to the extreme durability of REFLEXIONS, much less stripping of the floor is required. REFLEXIONS is manufactured by a process that does not allow the various components of a finish to be bleached or driven out by traffic.

Apply to these flooring types:

- Vinyl
- Vinyl Tile
- Vinyl Asbestos
- Rubber Tile
- Asphalt Tile
- Linoleum
- Terrazzo

WHY IS IT USED?

Offers substantial cost savings because of the reduced use of wet maintenance. This will extend the life of your floor considerably since most floors are worn out through the washing rather than traffic. REFLEXIONS provides repairability when high speed-buffed, high gloss, excellent durability, slip resistance and flexibility in a facility's maintenance program.

Coverage is 1,500-2,500 square feet per gallon.

HOW IS IT USED?

- **FLOOR PREPARATION:** For best results, the floor should be stripped of all old finishes before applying REFLEXIONS.
 - a. Use floor stripper #0166 HYPER STRIP, #0168 MELTDOWN or #0169 BREAKAWAY in hot water for best results.
 - b. Machine scrub with black stripping pad.
 - c. Pick up old finish with wet vacuum.
 - d. Immediately rinse the floor with a neutralizer and follow with 2 freshwater rinses.
- **APPLICATION:** Use only new wax mops (soaked in cold water) with clean buckets/wringers.
 - a. Apply 3-6 coats (depending on porosity and general appearance of the floor) evenly using medium to thin coats.
 - b. Allow floor to dry thoroughly, 20-30 minutes dry time between coats.
 - i. To cure and prevent hazing and streaking, proper dry time must be allowed (humid conditions may cause longer dry times).

Maintenance:

- To keep the floor clean, damp mop and sweep daily.
- Spray buffing is a great method of spot cleaning and eliminates the need to completely clean/strip an entire floor. Spray #0429-QT BUFF STUFF, and buff with a mild pad.
- When the luster and general appearance of the floor has been reduced due to traffic, clean the surface with a mild detergent solution followed by a cold-water rinse. Then apply 1-2 coats of REFLEXIONS. This will eliminate the need for frequent stripping operations.

PACKAGING:

REFLEXIONS is available in 1 gallon, 5 gallon and 55 gallon containers.
