# Clear-Thru

## GLASS & WINDOW CLEANER CONCENTRATE

### DESCRIPTION:

CLEAR-THRU is a blend of cleaning solvents and surfactants used to facilitate the easy removal of grime, film and soil from glass surfaces and noted hard surfaces. It is blue in color.

### WHAT DOES IT DO?

CLEAR-THRU dissolves smudges, smoke film and surface soils. It is non-fogging and leaves no spotting or streaking. CLEAR-THRU will not stain window ledges or harm squeegees.

### WHY IS IT USED?

CLEAR-THRU offers clear results! For use on windshields, windows, mirrors, glass table tops, doors, show cases, ceramic tile, chrome, polished aluminum, and stainless steel.

### HOW IS IT USED?

#### DILUTIONS:

Light Duty – 1 part CLEAR-THRU to 10 parts water

Heavy Duty – 1 part CLEAR-THRU to 2 parts water

Outside (Winter) – Use as is / Do not dilute

Spray or wipe on the surface with a clean, dry cloth. Wipe or squeegee off window surface.

### PACKAGING:

CLEAR-THRU is available in single gallons, 4-1 gallon cases, or in a closed loop system.
