

#178-12

Deep Freeze

GUM REMOVER

DESCRIPTION:

DEEP FREEZE is an instant freeze spray that embrittles chewing gum and wax making it easy to remove these substances from hard surfaces and carpet.

WHAT DOES IT DO?

DEEP FREEZE quickly freezes chewing gum and candle wax under seating and tables, on carpets, tile, terrazzo, marble, wood, and sidewalks. DEEP FREEZE will not soften carpet or tile backing.

WHY IS IT USED?

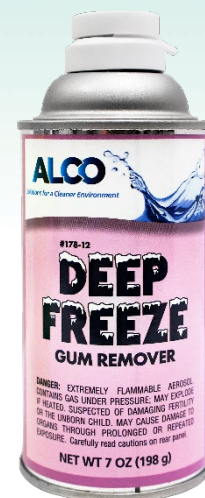

DEEP FREEZE can be used in facilities where chewing gum or candle wax is a concern such as Schools, Theatres, Casinos, Auditoriums, Hotels, Lobbies, Churches, etc.

HOW IS IT USED?

1. Remove all material possible with scraper or dull knife.
2. Hold snorkel tube about 2 inches from substance.
3. Press with a 5 to 10 second blast.
4. Scrape rapidly while material is hard and cold with scraper or dull knife.
5. Repeat if necessary.

PACKAGING:

DEEP FREEZE is available in 12 oz. aerosol cans. 12 cans/case.

Read label & SDS prior to use.
