# CHLORINATED SANITIZING & DISINFECTING TABLETS

Chlorinated Disinfecting Tablets are EPA registered as a health grade disinfectant and sanitizer. Simply add the tablet to tap water for a quick dissolve requiring no agitation. Providing broad spectrum coverage from COVID-19 (under the emerging viral claim), 40 other pathogens, and a NSF2, no-rinse food-grade sanitizer for all hard non-porous surfaces. See directions chart page 2.

Single tablets are easy, safer, and always accurate. Never glug and waste liquids again. The reduction of storage by 90% is helpful for small and crowded janitorial closets and warehouses. A three day in solution life span triples the product value and eliminates odors.

- ✓ Kills 99.9% of viruses and bacteria
- ✓ Broad-spectrum disinfectant
- ✓ Disinfect pre-cleaned hard surfaces
- ✓ Eliminates and controls odors
- ✓ Fast Dissolving
- ✓ Eliminate the measure and pour guesswork
- ✓ Delivers accurate strength solutions every time
- ✓ Removes mold and mildew stains
- ✓ Complies with OSHA's bloodborne pathogen standard
- ✓ Prepare a fresh solution every 3 days when using a closed container. Prepare daily when using an open container.
- ✓ Food contact sanitizer
- ✓ Effective against Clostridium difficile (C diff) and spores

**It's easy to disinfect with Green Klean Chlorinated Disinfecting Tablets. They may be used in all handheld coarse sprayers or electrostatic sprayers.**

Kill/Dwell Tim	Kill Claims	PPM	Number of tablets per delivery device
1 Minute	Covid-19 - Coronavirus	2153	(1) 6.55 gm tablets per quart
1 Minute	Norovirus	2153	(1) 6.55 gm tablet per quart
1 Minute	HIV-1, Hepatitis A-B-C	4306	(2) 6.55 gm tablets per quart
4 Minute	TB (Mycobacterium)	5382	(3 ) 6.55 gm tablets per quart
4 Minute	C Diff, MRSA, GRSA Influenza	4306	(2) 6.55 gm tablets per quart
10 Minute	C Diff	2153	(1) 6.55 gm tablet per quart
