# THE CLOSED LOOP SYSTEM IS A PROBLEM SOLVER

***SAVES YOU MONEY WITH CONSISTENT RESULTS & NO WASTE***

- **TRADITIONAL PRODUCT SYSTEM**  
In a traditional product system, confusion among products and incorrect dilution is a common problem among personnel mixing the chemicals. This leads to product waste.
- **DILUTION RATIOS AFFECT CLEANING RESULTS**  
If the product is diluted with too much water, it will not work to its full potential and can result in longer cleaning times or poorly cleaned areas. Furthermore, under diluting a product by using a higher chemical to water ratio than called for does not enhance the chemicals performance and ultimately only results in product waste and increased costs.
- **THE CLOSED LOOP SYSTEM**  
In contrast, the Closed Loop System is user-friendly and cost efficient. This non-spill, metered dispensing system easily fills up quarts or gallons and is safer for the user because it minimizes chemical handling. By dispensing the proper amount of product every time, the dilution ratio remains constant, eliminating product waste and the possibility of over or under diluting the chemical - saving time and money!

## CLOSED LOOP PRODUCTS:

**DC-7**  
**Neutral Disinfectant Cleaner**  
**#DC7-CL:** Kills a broad spectrum of pathogenic bacteria and virucidal. Special blend of surfactants ensures streak-free cleaning action as well as disinfecting with a fresh and clean fragrance. Great for use on high gloss finish floors. EPA Registered, Complete Efficacy Sheet Available.

**WINTAFECT**  
**Neutral Disinfectant Cleaner**  
**#0900-CL:** Quaternary disinfectant cleaner. This pH7 cleaner kills a broad spectrum of pathogenic bacterial and virucidal. Also works against mold and mildew. Effective against Avian Influenza A H5N1, SARS, CA-MRSA and MRSA. EPA Registered, Complete Efficacy Sheet Available.

**GERM FREE**  
**Disinfectant Cleaner**  
**#0925-CL:** Quaternary based disinfectant with superior cleaning ability for high soiled areas. This pH12 cleaner kills a broad spectrum of pathogenic bacteria, virucidal and HIV-1. Effectively controls growth of mold and mildew. EPA Registered, Complete Efficacy Sheet Available.

**CLEAR-THRU**  
**Glass & Window Cleaner**  
**#0109-CL:** Concentrated, alcohol based cleaner. Dissolves smudges, smoke film and removes heavy soil build-up from glass, windows, mirrors and most other hard surfaces with streak free results. Clear-Thru has a non-freezing formula at zero degrees.

**G-P CONCENTRATE**  
**Heavy-Duty No-Rinse Cleaner**  
**#0199-CL:** Highly concentrated all-purpose cleaner, dilutes as low as 1:128. Safe on all washable surfaces. Leaves a pleasant scent. Outstanding scrubbing detergent for floors. Non-caustic. pH of 9-10.

**FREEDOM**  
**Heavy-Duty No-Rinse Cleaner**  
**#8250-CL:** Great all-purpose, free-rinsing and non-dulling cleaner. Neutralizes ice melter residue and removes soap scum. For use on all linoleum, rubber, asphalt, synthetic, vinyl, granite, terrazzo, hard tile, concrete, sealed wood, aluminum, stainless steel, leather, plastic upholstery and any washable surface. Do not use on marble.

**THE SAFE SOLUTION**  
**Degreaser & Emulsifier**  
**#0198-CL:** Specially designed with citrus turpine and formulated for emulsifying grime and soil on warehouse concrete floors, engines, air conditioning ducts/grills and more. Removes marks caused by towmotors. This user-friendly degreaser will do the job on daily cleaning of stubborn caked on oil grease. Excellent for grout on kitchen floors.

**GREASE FREE**  
**No-Rinse Floor Cleaner**  
**#0192-CL:** Grease Free is a no-rinse floor cleaner that combines enzymes with traditional cleaning agents to eat away the grease buildup commonly found in restaurants and food service operations.

**SANNI-RINSE**  
**Disinfectant Quat Sanitizer**  
**#0360-CL:** An effective disinfectant-sanitizer-virucide, when used correctly provides one-step sanitizing without the need for water rinse. Use on food processing equipment and other hard surfaces in food contact locations.

**MAGNIFICENT SEVEN**  
**Neutral Floor Cleaner**  
**#0185-CL:** Neutral, no-rinse floor cleaner concentrate. The ultimate in neutral cleaners. Designed for daily mopping, leaves floors shiny and bright. No haze or residue. Great lemon fragrance.

**BREAKER BREAKER**  
**Low Butyl Cleaner/Degreaser**  
**#0179-CL:** Heavy duty cleaner degreaser with a wide range of cleaning applications from floor scrubbing and industrial degreasing to kitchen cleaning. Instantly dissolves and emulsifies heavy grease, soap scum, oil, ink and dirt.

QUART FILL-UP

**GLORY**  
**Premium Dish Detergent**  
**#0395-CL:** Concentrated, liquid hand dishwashing detergent for every day use. Designed to remove kitchen soils from dishes, glasses, pots, pans and utensils. Ultra mild to the hands.

**SPARKLE**  
**Silverware & Flatware Presoak**  
**#0340-CL:** Concentrated liquid detergent and detarnisher for your dishwashing system. Removes tough food soils from stainless flatware and silverware. Simply soak utensils in a hot water solution of Sparkle before each machine washing.
