

Solutions for a Cleaner Environment

REJUVENATING FLOORS

1. Gather equipment.

2. Wear proper personal protective equipment.

3. Dust mop the entire area.

4. Mix solution in bucket, diluting floor cleaner according to label directions.

5. Place wet floor signs at all entranceways.

6. Mop and clean the floor. No rinsing required with Beyond Floor Finish.

7. Once floor dries, burnish with a high speed machine to a shine.

8. Properly clean and store equipment.
